- <https://www.linkedin.com/in/varunkumarn636/>

LANGUAGES

- **English:** Advanced (C1)
- **French:** Elementary (A2)
- **Tamil:** Native

EDUCATION AND TRAINING

- **Bachelor of Engineering** (Expected 09/2027)
*Computer Science and Engineering
Kongu Engineering College, Tamil Nadu, India*
- **Higher Secondary** – 05/2023
*CS & Mathematics Stream
Sri Kumaran Matric Higher Secondary School, Tamil Nadu, India*

SKILLS

- C, C++, Java, Python
- Data Structures & Algorithms
- HTML, CSS, JavaScript, React.js, Node.js, Express.js
- MongoDB, MySQL
- Git, VS Code, Figma

AREA OF INTEREST

- Full-stack development, UI/UX, Generative AI
- Graphic Design, Visual Marketing

CERTIFICATIONS

- Oracle APEX Cloud Developer
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate
- Fortinet Certified Fundamentals in Cybersecurity
- AWS Foundations: Machine Learning Basic (Springboard)
- Cloud Computing (Springboard)
- Programming in Modern C++ / Industrial IoT (NPTEL)

SUMMARY

Computer Science undergraduate specializing in MERN full-stack development and AI integration. Skilled in React.js, Node.js, MongoDB, Python, and C/C++. Created AI-driven academic tools and responsive web applications within collaborative student teams. Dedicated to delivering scalable solutions that solve real-world problems.

EXPERIENCE

Schemind – Full Stack Developer

Tamil Nadu, India | 05/2025 – Current

- Full-stack developer in a student-led team building AI-driven web solutions.
- Developing Youniq, an AI academic mentor with personalized learning and analytics.
- Collaborating on UI design, backend APIs, and AI integration.

Grephyt – Onionskin Productions – Comic Book Artist

Remote / Andhra Pradesh, India | 04/2025 – 08/2025

- Illustrated and published a five-chapter one-shot comic.
- Collaborated remotely with editors and writers to refine storyboards and visual narrative.
- Managed project timelines, ensuring high-quality output under deadlines.

SystemaNX & Generative AI Consortium – Generative AI Intern

Remote | 11/2024 – 04/2025

- Assisted in data collection and preprocessing for machine learning projects.
- Participated in brainstorming sessions to generate innovative AI solutions.

OreOps Framework (P) Ltd – Product Intern

Erode, India | 07/2024 – 07/2024

- Assisted in market research for product development initiatives.
- Supported the creation of product documentation and user manuals.

PROJECTS

- [Youniq](#) – AI Academic Mentor: React.js, Node.js, MongoDB, AI integration.
- [UB Comics](#) – Comic Project Manager: Electron and Web technologies.
- [Study Time Tracker](#) – Full Stack Web App: MERN stack.
- [RPS Game](#) – Frontend Web Game: JavaScript, HTML, CSS.
- [Renaissance 2k25](#) – Technical Symposium Website: ReactJS.

ACTIVITIES AND HONOURS

- **Joint Secretary**, CSE Coding Club – Organized coding events, workshops, and hackathons.
- **Office Bearer**, KEC Freelancers Club – Coordinated freelancing projects.
- **Multimedia Member**, Ravivarma Creative Club – Designed visuals and media.

ACCOMPLISHMENTS

- *Smart India Hackathon* – Internal Round Winner, Kongu Engineering College
- *IEEE Hackathon* – *Special Mention*, VIT Chennai
- *Paper Presentation Winner* – Presented an AI-powered BCI concept
- *Remarkable Achievement Award* – Recognised for a five-chapter one-shot manga
